- Reserve any metered space in the City of St. Louis.

### Diagram your proposed pop-up park layout on the model parking space below.

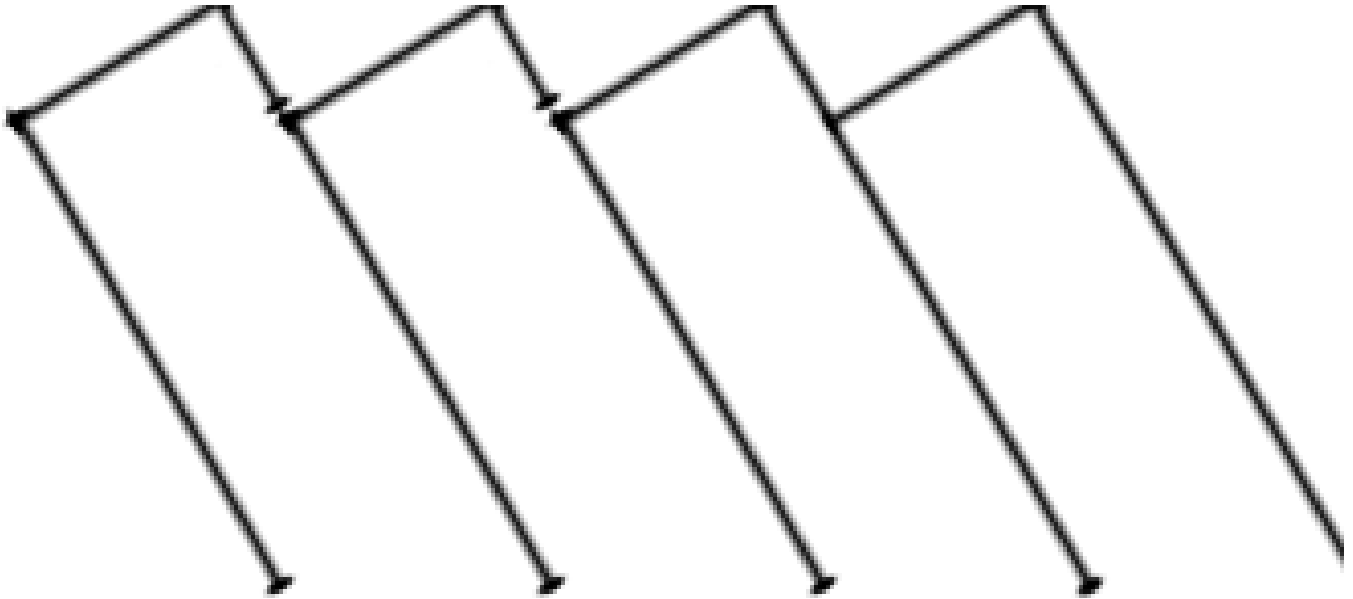

Please clearly indicate how your PARK will be designed, including a safety enclosure as indicated on sides not facing sidewalk. Sidewalk & curb are located at the bottom edge of this diagram. Note materials you would like to use. The diagram below shows a single parallel parking space. If you are requesting two, please adjust your diagram appropriately.

### Parallel Parking Space

The diagram below shows a single angle parking space. If you are requesting two, please adjust the diagram appropriately. Please remember to back in your vehicle when parking at these spaces.

**Reverse Angle Parking**

**Agreement**

I, \_\_\_\_\_, agree to follow the above rules for participating in PARK(ing) Day STL on Friday September 21, 2018. I, or my group, will set up our pop-up park, occupy the park during the entire time the park is set up, breakdown, and clean up the site at the end of the day. I take full responsibility for my pop-up park and will not hold liable any organizing party for activities or events that take place in the pop-up park.
